bodies of the two sien killed have been taken to their homes.

The colliding trains were 342, east bound, due hero at 8.20, and an extra drawn by Engine No. 1,029. The extra was made up of empty passenger cars en route to Camden. The passengers on the east-bound train were severely shaken up, but none was injured.

Richard E. Lewis, conductor of 'arsin 342 and Andrew Rule, cogineer, were instantly killed. Baggagemaster Leer, of Train 344, were seriously injured.

The road is a single track, and neither engineer knew of the other's approach until they were within a few yards of each other.

Coroner De Worth is investigating the accident. From the evidence already obtained by the Coroner it would appear that Conductor Lewis was mainly to blame for the collision. It is said that he tried to run his train to Whitebill from Florence contrary to orders; that he knew the extra train was coming west on the same track, but he thought he could get to Whitehill before the extra started from there. Police of the Thirteenth Precinct have the theory that kidnappers are at work, who would hold the little one for ransom.

22 Deaths on the incoming Steamer Moravia.

Health Officers Think They Can Stop It at Quarantine.

The Disease Called "Cholerine," as It Was in Hamburg.

Jenkins Lower Bay

Immigrants Who Died from the Scourge Buried at Sea.

Teutonic Also Detained and Her Fassengers Examined.

IPPECIAL TO THE EVERIPE WORLD. QUARANTINE, S. I., Aug. 31 .- Dr. Jenkine states that the Moravia's ship record shows that there were twenty-two deaths during the royage, twenty children and two adults The ship's surgeon diagnoses the cause of

cholerine. The last death occurred on the 29th. All the victims were buried at sea. The Moravia's steerage passengers are all from the cholers-infected port of Hamburg. And Dr. Jenkins is therefore certain that the

ship's surgeon's diagnosis of cholerine is incorrect. The Learned said he was a practising physician here and was at the Borden house at 3.15 on the day of the tragedy and saw Mrs. Borden where she was lying.

He has made arrangements for a becterious content of the tragedy and saw Mrs. Borden where she was lying, and not up over her head. There were at least a dozen persons there, among them several doctors that was just before she was taken down stairs for the autopay.

Marsinal Hilliard then resumed—The search was not a thorough one, but they examined dreaded Asiatic cholera until the examinalogical examination to be made of the bedding and effects of the twenty-two victime, and will not pronounce an opinion as to whether the deaths were caused by the

two days out from Hamburg. There are 18 Poles, 5 Hussians, 3 Heastans and 1 Athenia on the list of died.

There are now two women sick in the ship's hospital, whom the surgeon says have nearly recovered.

The Moravia is now anchored off Hoffman Island. None of the steerage passengers have as yet been landed, but tuga have been sent and the transfer will be made with all po

pronounce a flat-footed opinion. He says: "I got the surgeon's report at about 10 o'clock, and at once called Dra Tallen
